INFORMATION DISCLOSURE
STATEMENT UNDER 37 CFR §1.97 and
§1.98

April 5, 2004

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The references cited on attached form PTO/SB/08A and PTO/SB/08B are being called to the attention of the Examiner. Copies of the non-U.S. references are enclosed. It is respectfully requested that the cited references be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

The above items are considered pertinent in that they relate to centrifuges, and further because they were cited against applicant's counterpart EPO patent application. Also attached is a copy of the Search Report by the European Patent Office (together with an English translation of page 2 thereof) in which these references were cited and which lists the U.S. patent numbers corresponding to the cited foreign references.

As provided for by 37 CFR 1.97(g) and (h), no inference should be made that the information and references cited are prior art merely because they are in this statement and no representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

Applicant believes that no fee is required for submission of this statement. However, if a fee is required, the Commissioner is authorized to deduct such fee from the undersigned's Deposit Account No. 20-1430. Please deduct any additional fees from, or credit any overpayment to, the above-noted Deposit Account.

Respectfully submitted,

J. Georg Seka
